

# A Comprehensive Review of the Pacific Northwest *Timber Supply, Demand and Investment*

March 2012

PHIL TEDDER INC.

<b>EXECUTIVE SUMMARY .....</b>	<b>13</b>
<b>CHAPTER 1: WOOD PRODUCTS DEMAND FORECAST.....</b>	<b>25</b>
US OVERVIEW .....	25
HISTORICAL AND FORECASTED LUMBER CONSUMPTION .....	26
HOUSING .....	26
<i>Figure 1.1, GDP Percent Change Based On Chained 2005 Dollars, Quarterly 1979 - 2011 .....</i>	26
<i>Figure 1.2, US Housing Starts 1979 - 2011.....</i>	27
<i>Figure 1.3, US Housing Starts (Single and Multi-Family) Versus Real GDP Annual Percentage Change.....</i>	28
<i>Figure 1.4, Housing Starts (SFD and MFD) and Real GDP Forecast.....</i>	29
<i>Figure 1.5, Forecast Housing Starts (SFD and MFD) and Real GDP.....</i>	29
<i>Figure 1.6, Housing Starts, 2009 - 2011 Actual, 2012 - 2022, Forecast, Thousand Units.....</i>	30
<i>Figure 1.7, Square Feet per Dwelling (SFD, MFD, and Manufactured).....</i>	31
<i>Figure 1.8, Softwood Lumber Consumed In Residential Housing and the Average Size of All Housing .....</i>	31
<i>Figure 1.9, Historical and Forecast Softwood Lumber Consumption in the Housing Sector Through 2022 .....</i>	32
<i>Table 1.1, Forecast Softwood Lumber Consumption in the Housing Sector.....</i>	32
REPAIRS AND REMODELING.....	33
<i>Figure 1.10, Repairs and Remodeling Softwood Lumber Consumption and Percent of Total Softwood Consumption .....</i>	33
<i>Figure 1.11, Softwood Lumber Consumption for Repairs &amp; Remodeling Against Real % Change in Gross Domestic Product.....</i>	34
<i>Figure 1.12, Historical and Forecast Softwood Lumber Consumption in the Repairs and Remodeling Sector Through 2022 .....</i>	35
<i>Table 1.2, Forecast Softwood Lumber Consumption in the Repairs and Remodeling Sector.....</i>	35
NON-RESIDENTIAL CONSTRUCTION .....	36
<i>Figure 1.13, Non-Residential and Residential Construction Spending .....</i>	36
<i>Figure 1.14, Board Feet Consumed Per 1 Billion Dollars Value of Construction.....</i>	37
<i>Figure 1.15, Historical and Forecast Non-Residential Structure Expenditures.....</i>	38
<i>Figure 1.16, Historical and Forecast Softwood Lumber Consumption in the Non-Residential Structures Sector .....</i>	38
<i>Table 1.3, Forecast Softwood Lumber Consumption in the Non-residential Construction Sector.....</i>	39
INDUSTRIAL PRODUCTION.....	40
<i>Figure 1.17, Real 2011 Dollar Value of Shipments Less Transportation Costs Against Real GDP .....</i>	40
<i>Figure 1.18, Board Feet Consumed Per \$1 Billion Dollars Value of Shipments .....</i>	41
<i>Figure 1.19, Historical and Projected Value of Shipments .....</i>	41
<i>Figure 1.20, Historical and Projected Softwood Lumber Consumption for the Industrial Production Sector.....</i>	42
<i>Table 1.4, Forecast Softwood Lumber Consumption in the Non-residential Construction Sector.....</i>	42
CONSUMPTION/PRODUCTION SUMMARY .....	43
<i>Figure 1.21, Total Historical and Projected Softwood Lumber Consumption by Sector.....</i>	43
<i>Figure 1.22, Historical and Forecast Percent of Consumption by Sector.....</i>	44
<i>Figure 1.23, Historical and Forecast Percent of Softwood Lumber Imports As Applied To Total Consumption .</i>	45
<i>Figure 1.24, Historical and Future Total Consumption, Exports, Imports, and Production of Softwood Lumber .....</i>	46
SOFTWOOD VENEER PRODUCTION AND FORECAST .....	47
<i>Figure 1.25, Historical and Forecast Lumber and Veneer Production for the Twelve US PNW Regions .....</i>	47
CANADA OVERVIEW .....	49
<i>Figure 1.26, Canada and US Real Percent Change .....</i>	49
<i>Figure 1.27, Canadian Housing Starts Compared With Canadian Real GDP.....</i>	50
<i>Figure 1.28, Canadian Lumber Production Compared to Canadian Real GDP .....</i>	50
<i>Figure 1.29, Canadian Lumber Production and Housing Starts.....</i>	51
<i>Figure 1.30, Canadian and US Housing Starts.....</i>	52
<i>Figure 1.31, Canadian Lumber Production and US Lumber Consumption .....</i>	53

Figure 1.32, Historical and Forecast Canadian Lumber Production .....	53
Figure 1.33, British Columbia Share of Canadian Lumber Production .....	54
Figure 1.34, Coastal British Columbia Softwood Lumber Production Forecast .....	54
Figure 1.35, Inland British Columbia Softwood Lumber Production Forecast .....	55
VENEER PRODUCTION AND FORECAST .....	56
Table 1.5, Current and Future Veneer Production for British Columbia .....	56
<b>CHAPTER 2: PRODUCTION ALLOCATION .....</b>	<b>57</b>
SOFTWOOD LUMBER .....	57
Figure 2.1, Total US Softwood Lumber Production by Region .....	57
Figure 2.2, Percent of Total Softwood Lumber Production by Region .....	58
SOFTWOOD VENEER .....	59
Figure 2.3, US PNW Production Allocation for Veneer Production .....	59
ALLOCATION BY STATE, REGION, AND SUB-REGION .....	60
Figure 2.4, Western Oregon Softwood Lumber Production .....	61
Figure 2.5, Western Washington Softwood Lumber Production .....	61
Figure 2.6, Percent of Total US Softwood Lumber Production .....	62
Figure 2.7, Percentage Veneer Production for Western Oregon and Western Washington .....	63
REGIONAL ALLOCATION TO WESTERN OREGON AND WESTERN WASHINGTON .....	64
NORTHWEST OREGON RESOURCE AREA MANUFACTURING FACILITIES AND LOG CONSUMPTION .....	65
